

Name:Natural Rubber Gasket

Material:Natural Rubber(NR)

Hardness:65 ± 5 shore A. Custom hardness is available,range from 30 shore A to 85 shore A.

Color: Black.

Size: OD*ID*H(Outside dimension * Inside dimension * Height). Specification size can be made as per your request.

Shape:Cylinder with slope

Temperature resistance: -60°C~90°C

Advantage: Ultra performance in tensile strength.

Function:Seal and protect.

Application fields: Filters, fluid equipment, sealing parts on any devices needs etc.
